Heraeus Quarzglas GmbH & Co. KG

Short description:

Heraeus, the precious metals and technology group headquartered in Hanau, Germany, is a global, private company with over 155 years of tradition. Our businesses include precious metals, sensors, biomaterials and medical products, dental products, quartz glass, and specialty light sources. With product revenues of € 2.6 billion and precious metal trading revenues of € 13.6 billion, as well as more than 12,300 employees in over 110 subsidiaries worldwide, Heraeus holds a leading position in its global markets.

Core competences:

Heraeus is divided into six business segments encompassing the business sectors of precious metals, sensors, biomaterials and medical products, dental products, quartz glass, and specialty light source. Essential information about all of our business segments can be found on the following pages.

- **Precious Metals**

W. C. Heraeus is a world leader in industrial precious metals and special metals and holds a leading international position in industrial precious metal trading.

- **Sensors**

Heraeus Electro-Nite is the world market leader in sensor and measurement systems for the steel, aluminum, and foundry industries.

- **Dental Products**

Heraeus Dental is one of the world's leading manufacturers of dental products.

- **Biomaterials**

Heraeus Medical develops, produces, and markets medical biomaterials.

- **Quartz Glass**

Heraeus Quarzglas is the technology leader and materials specialist for the manufacture and processing of high-purity quartz glass.

- **Specialty Lighting Sources**

Heraeus Noblelight counts itself among the market and technology leaders worldwide for special lamps with wavelengths from ultraviolet to infrared.
